Welcome from the Organiser

It has been three very long years of waiting and planning for this day to finally arrive again and we could not be more excited to welcome you to the 20th edition of the Cape Town International Boat show which is now known as boatica Cape Town. This year's event is the third edition proudly brought to you by Messe Frankfurt South Africa and we are very happy to share that this year's event has more boats on the water than both the 2019 and 2018 editions of the show.

With over 70 participating companies, more than 10 on water activations, and over 65 boats on the water, this year's show is truly set to be incredible.

We cannot thank you all enough for being here to participate in the show this year and we cannot wait to walk this journey with you to grow the show even more in future years.

Kathryn Frew - Show Director
